DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 14-23 are canceled.

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Applicant's arguments submitted 2/18/2010 are found to be persuasive.
2. Specifically, the prior art fails to teach a conductive sleeve in the form of a coating that is also physically and electrically isolated from the electrode and conductor. Additionally, Examiner finds that it would not be obvious to modify the prior art conductive sleeve by making it a coating since the prior art teaches the conductive sleeve to be necessary to provide additional lead support and a coating would not yield sufficient mechanical support for the lead body.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 3762
